Hi Mark:

I have discussed your questions regarding David Shen with my client. They advise me that, except for the limited advice to Peter Ni regarding how to acquire a US company (which we have discussed), David Shen has no role in the proposed acquisition of Meade by Sunny. He has not participated in discussions regarding Meade's future business strategy and has not participated in discussions with third parties regarding future business with Meade. As I know you understand, I cannot be more specific regarding such alleged meetings without specific information regarding them.

In addition, below is an English translation of an AIC file for Ningbo Sunny. AIC stands for Administration of Industry and Commerce, which is the corporate registry and administrative body in the PRC. I am advised that AIC maintains incorporation files and annual audit files on each PRC company, which are publicly available. The excerpt was sent to Meade's attorney in an apparent effort to derail its acquisition by Sunny.

Regards,  
 Bob
